CITY OF SEATTLE

ORDINANCE _____

COUNCIL BILL _____

AN ORDINANCE relating to the City Light Department (“City Light”); amending Ordinance 125493, which amended the 2018 Budget (Ordinance 125475), including the 2018-2023 Capital Improvement Program (CIP); changing appropriations within City Light’s Light Fund; revising project allocations for certain capital projects in the CIP; and ratifying and confirming certain prior acts.

WHEREAS, the 2018 Budget and 2018-2023 Capital Improvement Program (CIP) were adopted via Ordinance 125475 and amended by Ordinance 125493; and

WHEREAS, due to unanticipated changes in costs, the Advanced Metering Infrastructure capital project requires \$17.4 million in additional funds above the current capital budget of \$84.1 million immediately in order to complete the rollout of new meters by the end of 2018; and

WHEREAS, it has been determined that the needed funds may be transferred to the Advanced Metering Infrastructure project from other projects and budget items within the Light Fund, thereby avoiding the need to increase the overall size of the 2018-2023 CIP; and

WHEREAS, \$15.6 million in budget allocation must be transferred from budget summary levels (BSLs) other than the one containing the Advanced Metering project, thereby requiring legislation; NOW, THEREFORE,

BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:

Section 1. The appropriations for the following items in the 2018 Adopted Budget and project allocations in the 2018-2023 Adopted Capital Improvement Program are modified as follows:

Item	Fund	Department	Budget Summary Level	BSL Appropriation Change (in \$'s)	Project Name	Allocations (in \$000's)

					Streetlights: Arterial, Residential and Floodlights (MC-CL-ZL8378)	(\$3,492) \$3,292
					Streetlight LED Conversion Program (MC-CL-ZL8441)	(\$5,434) \$3,834
			Power Supply & Environmental Affairs - CIP (41000-BC-CL-X)	(\$2,475,000)	Skagit - Facilities Energy Conservation Program (MC-CL-XS6515)	(\$2,533) \$1,033

					Skagit Facilities Plan (MC-CL-XS6520)	(\$3,260) <u>\$2,760</u>
					Technical Training Center Development (MC-CL-XF9230)	(\$512) <u>\$37</u>
			Transmission and Distribution (41000-BC-CL-Y)	(\$4,925,000)	Enterprise Geographic Information System (MC-CL-YD9957)	(\$6,659) <u>\$6,334</u>

					Battery Storage Pilot (MC-CL-YR8484)	(\$501) <u>\$1</u>
Net Change				\$8,200,000		

Section 2. Considering that deferred operations and maintenance are financially equivalent to capital expense, the appropriation for the following item in the 2018 Adopted Budget is decreased as shown below. This reduction combined with the increase in capital allocations in Section 1 of this ordinance results in a net-zero change to the overall budget.

Item	Fund	Department	Budget Summary Level / BSL Code	Amount (in \$000's)
2.1	Light Fund (41000)	Seattle City Light	Customer Services, Communications and Regulatory Affairs O&M (BO-CL-C)	(\$8,200)
Total				(\$8,200)

Section 3. Any act consistent with the authority of this ordinance taken prior to its effective date is hereby ratified and confirmed.

Section 4. This ordinance shall take effect and be in force 30 days after its approval by the Mayor, but if not approved and returned by the Mayor within ten days after presentation, it shall take effect as provided by Seattle Municipal Code Section 1.04.020.
