

The definitions contained in Chapter 5.30 shall be fully applicable to this Chapter 5.38 except as may be expressly stated to the contrary herein. The following additional definitions shall apply throughout this Chapter 5.38:

“Business” means any person engaging in business as defined in Section 5.30.030.

“Employee” means any person who performs work, labor, or services for a business, is on the business’s payroll, and performs any part of their duties within the City of Seattle. For purposes of this Chapter 5.38, the term “employee” also includes all full-time, part-time, and temporary employees or workers on the business’ payroll. A business’s payroll includes the payroll of any related company that acts as a paymaster for the related entities. Sole proprietors and partners shall be considered employees.

“Full-time employee” means an employee who works at least 1,920 hours in a calendar year.

“Part-time employee” means an employee who works fewer than 1,920 hours in a calendar year.

"Payroll" means the regular remuneration by a business to the individuals who perform work, labor, services, or make other similar contributions for the business. Payroll includes, but is not limited to, salaries, wages, or other draws or distributions made to employees, officers, partners, or members of Limited Liability Companies and Professional Limited Liability Companies as compensation for their labor and services.

5.38.030 Tax imposed - Measure of the tax

A. Beginning on January 1, 2019, an employee hours tax is hereby levied upon and shall be collected from every person for the act or privilege of engaging in business activities within the City. The tax shall be measured by the number of employee hours of work conducted within the City during the calendar year.

B. The amount of the tax shall be equal to the employee hours worked within the City during the calendar year, multiplied by the rate of \$0.052083 per hour worked. The employee hours worked exclude vacation and sick leave hours. If an employee works both within and outside the City, it will be the responsibility of the business to calculate and report the number of hours worked within the City.

C. Alternative Full Time Equivalent (FTE) calculation method. A business may choose to calculate its

annual employee hours tax based on the number of its FTE employees as follows:

1. Calculation of FTEs. The number of FTE employees for the calendar year is (i) the number of a business's full-time employees for the calendar year, plus (ii) the sum of the hours worked by part-time employees in the calendar year divided by 1,920 hours.

2. Tax. Any fractional FTE remaining after the determination of FTE employees under subsection 5.38.030.C.1 shall be rounded up to the nearest whole number. Once the number of FTE employees is thus determined, that number shall be multiplied by \$100 to determine the annual employee hours tax. Once the FTE alternative method is used, it must be used for all future reporting periods, unless a change is approved by the Director.

D. Businesses with more than one place of business must use the same method of calculation for all places of business.

E. The tax applies to employee hours worked or FTEs inside the City regardless of whether the place of business is located within or outside the City.

F. Temporary employment agencies that supply temporary employees to business engaging in business activities within the City, and pay the temporary employee's salary, shall report and pay the tax on all such temporary employees. Businesses engaging temporary employees who are on the business' payroll shall report and pay the tax on the employee hours of such temporary employees, whether or not they are from an employment agency.

5.38.040 Employee hours tax - When due

The employee hours tax shall be reported and paid on an annual calendar year basis, at the same time as the fourth quarter or annual tax return is due in accordance with Section 5.55.040, and on forms as prescribed by the Director. Persons discontinuing their business activities in Seattle shall report and pay the tax at the same time as their final business tax return is due.
