CITY OF SEATTLE
ORDINANCE _____
COUNCIL BILL _____

AN ORDINANCE relating to the City Light Department; declaring the former Ambaum, Andover, Dakota, Delridge, Dumar, Fauntleroy, Glendale, and White Center Substation properties as surplus to the City’s needs and no longer required for providing public utility service or other municipal purpose; authorizing the sale of the former White Center Substation to King County, the sale of the former Ambaum Substation to The City of Burien, and the sale of the former Andover, Dakota, Delridge, Dumar, Fauntleroy, and Glendale Substations for fair market value through negotiated or brokered sales to be managed by the Department of Finance and Administrative Services or the City Light Department; and authorizing the General Manager and Chief Executive Officer of the City Light Department to execute all necessary documents to accomplish such property sales and to deposit the proceeds in the City Light Fund.

WHEREAS, by Resolution 31424, the City Council requested that the City Light Department (“City Light”) conduct additional studies to consider and make recommendations for the appropriate disposition of City Light surplus properties, and adopted improved procedures for such studies; and

WHEREAS, City Light has conducted a study of nine of its former substation surplus properties, six in West Seattle, one in the City of SeaTac, one in the City of Burien, and one in the Rainier Valley (the “Study Properties”), and as part of this study notice of availability of the Study Properties was circulated to other City departments and other public jurisdictions offering them the first opportunity to acquire these properties for public use; and

WHEREAS, City Light consulted with the Department of Neighborhoods (DON) and three DON Neighborhood District Councils to obtain advice on community outreach, and offered to meet with individual neighborhood groups expressing interest in the Study Properties; and

WHEREAS, City Light has attended community meetings in West Seattle, the Delridge and Highland Park

neighborhoods, and the Rainier Valley to discuss the Study Properties, has mailed notices to nearby owners and residents, has posted notices advising citizens of the meetings and inviting public comment on the Study Properties, and has provided information and solicited comments through the City Light website, all in accordance with the procedures set forth in Resolution 31424; and

WHEREAS, representatives of the Seattle Department of Parks and Recreation attended community meetings to discuss park use, and representatives of the Department of Planning and Development attended meetings to answer questions about development under current zoning; and

WHEREAS, in those instances in which public comments obtained through community meetings suggested that any of the Study Properties should be used for a non-utility City purpose, the City department responsible for such purpose was requested to reconsider its earlier determination, and in each such instance the reviewing City department determined that the property was not appropriate for the suggested purpose; and

WHEREAS, one of the Study Properties, the former Wabash Substation, has been transferred to Seattle Public Utilities by Ordinance No. 124697 for water, drainage and other utility purposes; and

WHEREAS, King County has expressed interest in acquiring the former White Center Substation property, and The City of Burien has expressed interest in purchasing the former Ambaum Substation property, both for public purposes; and

WHEREAS, members of the community have expressed interest in acquiring some or all of the Study Properties for preservation as open space and, although none of these properties meet City criteria for park acquisitions, City Light recommends that community-based non-profit organizations be given an opportunity to acquire the former Fauntleroy and Delridge Substations for public open space; and

WHEREAS, it is in the best interest of the City and the general public to sell eight of the Study Properties and for the proceeds of sale to be used to benefit the utility; NOW, THEREFORE,

BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:

Section 1. Section 2. Pursuant to RCW 35.94.040 and after public hearing, the eight properties described in Section 1 of this ordinance (the “Properties”) are declared to be surplus to the City's needs and no longer required for providing continued public utility service or other municipal purpose.

Section 3. The General Manager and Chief Executive Officer of Seattle City Light (the “CEO”) or the CEO’s designee is authorized to offer the Former White Center Substation property, as described in Section 1 of this ordinance, for sale to King County for the appraised value of the property. If King County is unable or elects not to purchase the property, then the CEO or CEO’s designee is authorized to sell the property for fair market value by negotiated sale, or through a brokered sale to be managed by the City’s Department of Finance and Administrative Services, and to accept the best offer for the property.

Section 4. The CEO or CEO’s designee is authorized to offer the Former Ambaum Substation property, as described in Section 1 of this ordinance, for sale to the City of Burien for the appraised value of the property. If the City of Burien is unable or elects not to purchase the property, then the CEO or the CEO’s designee is authorized to sell the property for fair market value by negotiated sale, or through a brokered sale to be managed by the City’s Department of Finance and Administrative Services, and to accept the best offer for the property.

Section 5. The CEO or the CEO’s designee is authorized to offer the Former Fauntleroy and Delridge Substation properties, as described in Section 1 of this ordinance, for sale to a community-based non-profit organization, for preservation as public open space in perpetuity, for the appraised value of the properties. If no community-based non-profit organization is able to purchase either of these properties within one year of the effective date of this ordinance, then the CEO or the CEO’s designee is authorized to sell such property for fair market value by negotiated sale, or through a brokered sale to be managed by the City’s Department of Finance and Administrative Services, and to accept the best offer for the property.

Section 6. The CEO or the CEO’s designee is authorized to sell the Former Andover, Dakota, Dumar, and Glendale Substations, as described in Section 1 of this ordinance, for fair market value by negotiated sale,

or through brokered sales to be managed by the City's Department of Finance and Administrative Services, and to accept the best offers for the Properties.

Section 7. The CEO or the CEO's designee is authorized to negotiate purchase and sale agreements and execute all necessary and desirable documents to accomplish the sale and transfer the Study Properties to the selected purchasers.

Section 8. Proceeds from the sales authorized by this ordinance shall be deposited in the City Light Fund (41000).

Section 9. This ordinance shall take effect and be in force 30 days after its approval by the Mayor, but if not approved and returned by the Mayor within ten days after presentation, it shall take effect as provided by Seattle Municipal Code Section 1.04.020.
