AN ORDINANCE relating to the electric system of The City of Seattle; authorizing the issuance and sale of municipal light and power revenue bonds for the purposes of providing funds for certain additions and betterments to and extensions of the existing municipal light and power plant and system of the City, paying the costs of issuance of those bonds and providing for the reserve fund requirement; providing for the terms, conditions, covenants and manner of sale of those bonds; describing the lien of those bonds; ratifying and confirming certain prior acts; and amending certain definitions set forth in the Omnibus Refunding Bond Ordinance relating to municipal light and power revenue bonds.

WHEREAS, The City of Seattle, Washington (the “City”), owns, operates and maintains an electric system (the “Light System”); and

WHEREAS, the City has need to acquire and construct certain additions and betterments to and extensions of the Light System described in the system or plan adopted by this ordinance (the “Plan of Additions”); and

WHEREAS, the City has outstanding certain revenue bonds (the “Outstanding Parity Bonds”) having a charge and lien upon Gross Revenues of the Light System prior and superior to all other charges whatsoever, except reasonable charges for maintenance and operation of the Light System; and

WHEREAS, pursuant to the respective ordinances and resolutions listed in Exhibit A, the City issued its municipal light and power revenue bonds described in Exhibit A, and provided for the issuance of additional bonds having a lien and charge on Gross Revenues of the Light System on a parity of lien with those bonds (“Parity Bonds”) upon compliance with certain conditions; and

WHEREAS, after due consideration, the City finds that it is necessary and in the best interest of the City and its ratepayers to issue municipal light and power revenue bonds as Parity Bonds to pay part of the cost of

the Plan of Additions, pay costs of issuance of those bonds and provide for the reserve fund requirement; NOW, THEREFORE,

BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:

Section 1. Definitions. As used in this ordinance, the following words and phrases shall have the meanings set forth below.

“**Accreted Value**” means with respect to any Capital Appreciation Bonds (a) as of any Valuation Date, the amount set forth for such date in any Parity Bond Legislation authorizing such Capital Appreciation Bonds and (b) as of any date other than a Valuation Date, the sum of (i) the Accreted Value on the preceding Valuation Date and (ii) the product of (A) a fraction, the numerator of which is the number of days having elapsed from the preceding Valuation Date and the denominator of which is the number of days from such preceding Valuation Date to the next succeeding Valuation Date, calculated based on the assumption that Accreted Value accrues during any semiannual period in equal daily amounts on the basis of a year of twelve 30-day months, times (B) the difference between the Accreted Values for such Valuation Dates.

“**Adjusted Net Revenue**” has the meaning assigned to that term in Section 13(g)(iii).

“**Alternate Reserve Security**” means Qualified Insurance or a Qualified Letter of Credit, that is used to satisfy all or a portion of the Reserve Fund Requirement for the Parity Bonds.

“**Annual Debt Service**” for any calendar year means the sum of the amounts required in such calendar year to pay (a) the interest due in such calendar year on all Parity Bonds outstanding, excluding interest to be paid from the proceeds of the sale of Parity Bonds or other bonds; (b) the principal of all outstanding Serial Bonds due in such calendar year; and (c) the Sinking Fund Requirement, if any, for such calendar year.

For purposes of this definition, the principal and interest portions of the Accreted Value of Capital Appreciation Bonds becoming due at maturity or by virtue of a Sinking Fund Requirement shall be included in the calculations of accrued and unpaid and accruing interest or principal in such manner and during such period of time as is specified in any Parity Bond Legislation authorizing such Capital Appreciation Bonds.

For purposes of making coverage ratio calculations in connection with a certificate delivered under Section 13(g) regarding the issuance of Future Parity Bonds, Annual Debt Service shall exclude debt service on Parity Bonds that are included in a refunding or defeasance plan approved by the City Council, which provides for the refunding or defeasance of certain Parity Bonds by irrevocably pledging money and/or Government Obligations pending their early redemption.

For purposes of calculating and determining compliance with the Reserve Fund Requirement and conditions for the issuance of Future Parity Bonds and/or entering into Parity Payment Agreements:

(i) Generally. Except as otherwise provided by subparagraph (ii) below with respect to Variable Interest Rate Bonds and by subparagraph (iii) below with respect to Parity Bonds with respect to which a Payment Agreement is in force, interest on any series of Parity Bonds shall be calculated based on the actual amount of accrued, accreted or otherwise accumulated interest that is payable in respect of that issue taken as a whole, at the rate or rates set forth in the applicable Parity Bond Legislation.

(ii) Interest on Variable Interest Rate Bonds. The amount of interest deemed to be payable on any Series of Variable Interest Rate Bonds shall be calculated on the assumption that the interest rate on those bonds would be equal to the rate that is 90% of the average RBI during the four calendar quarters preceding the quarter in which the calculation is made.

(iii) Interest on Parity Bonds With Respect to Which a Payment Agreement is in Force. Debt service on Parity Bonds with respect to which a Payment Agreement is in force shall be based on the net economic effect on the City expected to be produced by the terms of the Parity Bonds and the terms of the Payment Agreement, including but not limited to the effects produced by the following: (A) Parity Bonds that would, but for a Payment Agreement, be treated as obligations bearing interest at a Variable Interest Rate instead shall be treated as obligations bearing interest at a fixed interest rate, and (B) Parity Bonds that would, but for a Payment Agreement, be treated as obligations bearing interest at a fixed interest rate instead shall be treated as obligations bearing interest at a Variable Interest Rate. Accordingly, the amount of interest deemed to

be payable on any Parity Bonds with respect to which a Payment Agreement is in force shall be an amount equal to the amount of interest that would be payable at the rate or rates stated in those Parity Bonds plus Payment Agreement Payments minus Payment Agreement Receipts. For the purposes of calculating as nearly as practicable Payment Agreement Receipts and Payment Agreement Payments under a Payment Agreement that includes a variable rate component determined by reference to a pricing mechanism or index that is not the same as the pricing mechanism or index used to determine the variable rate interest component on the Parity Bonds to which the Payment Agreement is related, it shall be assumed that the fixed rate used in calculating Payment Agreement Payments will be equal to 105% of the fixed rate specified by the Payment Agreement and that the pricing mechanism or index specified by the Payment Agreement is the same as the pricing mechanism or index specified by the Parity Bonds. Notwithstanding the other provisions of this subparagraph (iii), the City shall not be required to (but may in its discretion) take into account in determining Annual Debt Service the effects of any Payment Agreement that has a term of ten years or less.

(iv) Parity Payment Agreements. No additional debt service shall be taken into account with respect to a Parity Payment Agreement for any period during which Payment Agreement Payments on that Parity Payment Agreement are taken into account in determining Annual Debt Service on related Parity Bonds under subparagraph (iii) of this definition. However, for any period during which Payment Agreement Payments are not taken into account in calculating Annual Debt Service on any outstanding Parity Bonds because the Parity Payment Agreement is not then related to any outstanding Parity Bonds, payments on that Parity Payment Agreement shall be taken into account by assuming:

(A) City Obligated to Make Payments Based on Fixed Rate. If the City is obligated to make Payment Agreement Payments based on a fixed rate and the Qualified Counterparty is obligated to make payments based on a variable rate index, that payments by the City will be based on the assumed fixed payor rate, and that payments by the Qualified Counterparty will be based on a rate equal to the average rate determined by the variable rate index specified by the Parity Payment Agreement during the four

calendar quarters preceding the quarter in which the calculation is made, and

(B) City Obligated to Make Payments Based on Variable Rate Index. If the City is obligated to make Payment Agreement Payments based on a variable rate index and the Qualified Counterparty is obligated to make payments based on a fixed rate, that payments by the City will be based on a rate equal to the average rate determined by the variable rate index specified by the Parity Payment Agreement during the four calendar quarters preceding the quarter in which the calculation is made, and that the Qualified Counterparty will make payments based on the fixed rate specified by the Parity Payment Agreement.

(v) Tax Credit Subsidy Payments. For the purpose of calculating the Reserve Fund Requirement, the City shall deduct from Annual Debt Service the Tax Credit Subsidy Payments the City is scheduled to claim from the federal government in respect of the interest on a series of Parity Bonds that are Tax Credit Subsidy Bonds or other bonds with respect to which the federal government is scheduled to provide direct payments.

(b) Bond Registrar; Transfer and Exchange of Bonds. The Bond Registrar shall keep, or cause to be kept, sufficient books for the registration and transfer of the Bonds, which shall be open to inspection by

the City at all times. The Bond Register shall contain the name and mailing address of the Registered Owner of each Bond and the principal amount and number of each of the Bonds held by each Registered Owner.

The Bond Registrar is authorized, on behalf of the City, to authenticate and deliver Bonds transferred or exchanged in accordance with the provisions of the Bonds and this ordinance, to serve as the City's paying agent for the Bonds and to carry out all of the Bond Registrar's powers and duties under this ordinance and the Registration Ordinance.

The Bond Registrar shall be responsible for its representations contained in the Bond Registrar's Certificate of Authentication on the Bonds. The Bond Registrar may become an Owner of Bonds with the same rights it would have if it were not the Bond Registrar and, to the extent permitted by law, may act as depository for and permit any of its officers or directors to act as members of, or in any other capacity with respect to, any committee formed to protect the rights of Owners.

Bonds surrendered to the Bond Registrar may be exchanged for Bonds in any Authorized Denomination of an equal aggregate principal amount and of the same Series, interest rate and maturity. Bonds may be transferred only if endorsed in the manner provided thereon and surrendered to the Bond Registrar. Any exchange or transfer shall be without cost to an Owner or transferee. The Bond Registrar shall not be obligated to exchange or transfer any Bond during the period between the Record Date and the corresponding interest or principal payment date or redemption date.

(c) Securities Depository; Book-Entry Form. The Bonds initially shall be registered in the name of the Securities Depository. The Bonds so registered shall be held fully immobilized in book-entry form by the Securities Depository in accordance with the provisions of the Letter of Representations. Neither the City nor the Bond Registrar shall have any responsibility or obligation to participants of the Securities Depository or the persons for whom they act as nominees with respect to the Bonds regarding accuracy of any records maintained by the Securities Depository or its participants of any amount in respect of principal of or interest on the Bonds, or any notice which is permitted or required to be given to Registered Owners hereunder (except such notice as

is required to be given by the Bond Registrar to the Securities Depository). Registered ownership of a Bond initially held in book-entry form, or any portion thereof, may not be transferred except: (i) to any successor Securities Depository; (ii) to any substitute Securities Depository appointed by the City or such substitute Securities Depository's successor; or (iii) to any person if the Bond is no longer held in book-entry form.

Upon the resignation of the Securities Depository from its functions as depository, or upon a determination by the City to discontinue services of the Securities Depository, the City may appoint a substitute Securities Depository. If (i) the Securities Depository resigns from its functions as depository and no substitute Securities Depository can be obtained, or (ii) the City determines that the Bonds are to be in certificated form, the ownership of Bonds may be transferred to any person as provided herein and the Bonds no longer shall be held in book-entry form.

Section 7. Payment of Bonds. The Bonds shall be payable solely out of the Parity Bond Fund, in lawful money of the United States, and shall not be general obligations of the City. Principal of and interest on each Bond registered in the name of the Securities Depository is payable in the manner set forth in the Letter of Representations. Interest on each Bond not registered in the name of the Securities Depository is payable by electronic transfer on the interest payment date, or by check or draft of the Bond Registrar mailed on the interest payment date to the Registered Owner at the address appearing on the Bond Register on the Record Date. The City, however, is not required to make electronic transfers except pursuant to a request by a Registered Owner in writing received at least ten days prior to the Record Date and at the sole expense of the Registered Owner. Principal of each Bond not registered in the name of the Securities Depository is payable upon presentation and surrender of the Bond by the Registered Owner to the Bond Registrar. The Bonds are not subject to acceleration under any circumstances.

Section 8. Redemption and Purchase of Bonds.

(a) Optional Redemption. All or some of the Bonds may be subject to redemption prior to their stated maturity dates at the option of the City at the times and on the terms approved in accordance with Section

5.

(b) Mandatory Redemption. If not redeemed or purchased at the City's option prior to maturity, Term Bonds (if any) shall be redeemed, at a price equal to the principal amount thereof to be redeemed plus accrued interest, on the dates and in the years and Sinking Fund Requirements as set forth in the Bond Resolution. If the City redeems or purchases Term Bonds at the City's option prior to maturity, the Term Bonds so redeemed or purchased (irrespective of their redemption or purchase prices) shall be credited at the par amount thereof against the remaining Sinking Fund Requirements, as determined by the Director of Finance. In the absence of a determination by the Director of Finance or other direction in the Bond Resolution, credit shall be allocated on a pro rata basis.

(c) Selection of Bonds for Redemption; Partial Redemption. If fewer than all of the outstanding Bonds of a Series are to be redeemed at the option of the City, the Director of Finance shall select the Series and maturity or maturities to be redeemed. If fewer than all of the outstanding Bonds of a maturity of a Series are to be redeemed, the Securities Depository shall select Bonds registered in the name of the Securities Depository to be redeemed in accordance with the Letter of Representations and the Bond Registrar shall select all other Bonds of the Series to be redeemed randomly in such manner as the Bond Registrar shall determine. All or a portion of the principal amount of any Bond that is to be redeemed may be redeemed in any Authorized Denomination. If less than all of the outstanding principal amount of any Bond is redeemed, upon surrender of that Bond to the Bond Registrar there shall be issued to the Registered Owner, without charge, a new Bond (or Bonds, at the option of the Registered Owner) of the same Series, maturity and interest rate in any Authorized Denomination in the aggregate principal amount to remain outstanding.

(d) Purchase. The City reserves the right and option to purchase any or all of the Bonds at any time at any price acceptable to the City plus accrued interest to the date of purchase.

Section 9. Notice of Redemption. Unless otherwise set forth in the Bond Resolution, the City shall cause notice of any intended redemption of Bonds to be given not less than 20 nor more than 60 days prior to

the date fixed for redemption by first-class mail, postage prepaid, to the Registered Owner of any Bond to be redeemed at the address appearing on the Bond Register on the Record Date, and the requirements of this sentence shall be deemed to have been fulfilled when notice has been mailed as so provided, whether or not it is actually received by the Registered Owner of any Bond. Interest on Bonds called for redemption shall cease to accrue on the date fixed for redemption unless the Bond or Bonds called are not redeemed when presented pursuant to the call.

In the case of an optional redemption, the notice may state that the City retains the right to rescind the redemption notice and the related optional redemption of Bonds by giving a notice of rescission to the affected Registered Owners at any time prior to the scheduled optional redemption date. Any notice of optional redemption that is rescinded by the Director of Finance shall be of no effect, and the Bonds for which the notice of optional redemption has been rescinded shall remain outstanding.

Section 10. Failure to Pay Bonds. Except as otherwise provided in the Bond Resolution, if any Bond is not paid when properly presented at its maturity or redemption date, the City shall be obligated to pay, solely from the Parity Bond Fund and the other sources pledged in this ordinance, interest on that Bond at the same rate provided in that Bond from and after its maturity or redemption date until that Bond, principal, premium, if any, and interest, is paid in full or until sufficient money for its payment in full is on deposit in the Parity Bond Fund and that Bond has been called for payment by giving notice of that call to the Registered Owner of that Bond.

Section 11. Form and Execution of Bonds. The Bonds shall be typed, printed or reproduced in a form consistent with the provisions of this ordinance, the Bond Resolution and State law; shall be signed by the Mayor and Director of Finance, either or both of whose signatures may be manual or in facsimile; and the seal of the City or a facsimile reproduction thereof shall be impressed or printed thereon.

Only Bonds bearing a certificate of authentication in substantially the following form (with the designation, year and Series of the Bonds adjusted consistent with this ordinance), manually signed by the

Bond Registrar, shall be valid or obligatory for any purpose or entitled to the benefits of this ordinance: “This Bond is one of the fully registered The City of Seattle, Washington, [Municipal Light and Power Improvement Revenue Bonds], [Year], [Series], described in [this ordinance].” The authorized signing of a certificate of authentication shall be conclusive evidence that the Bond so authenticated has been duly executed, authenticated and delivered and is entitled to the benefits of this ordinance.

If any officer whose manual or facsimile signature appears on a Bond ceases to be an officer of the City authorized to sign bonds before the Bond bearing his or her manual or facsimile signature is authenticated or delivered by the Bond Registrar or issued by the City, that Bond nevertheless may be authenticated, delivered and issued and, when authenticated, issued and delivered, shall be as binding on the City as though that person had continued to be an officer of the City authorized to sign bonds. Any Bond also may be signed on behalf of the City by any person who, on the actual date of signing of the Bond, is an officer of the City authorized to sign bonds, although he or she did not hold the required office on the date of issuance of the Bonds.

Section 12. Security for the Bonds; Parity with other Bonds. The Bonds shall be special limited obligations of the City payable from and secured solely by Gross Revenues and by money in the Parity Bond Fund and the Reserve Fund. Gross Revenues are pledged to make the payments into the Parity Bond Fund and the Reserve Fund required by Section 13(a) and Section 13(b), which pledge shall constitute a charge upon such Gross Revenues prior and superior to all other charges whatsoever, save and except reasonable charges for maintenance and operation of the Light System.

The Bonds shall be on a parity with the Outstanding Parity Bonds and all Future Parity Bonds, without regard to date of issuance or authorization and without preference or priority of right or lien with respect to participation of special funds in amounts from Gross Revenues for payment thereof. Nothing contained herein shall prevent the City from issuing revenue bonds or other obligations which are a charge or lien upon Gross Revenues subordinate to the payments required to be made from Gross Revenues into the Parity Bond Fund and the accounts therein.

The Bonds shall not constitute general obligations of the City, the State or any political subdivision of the State or a charge upon any general fund or upon any money or other property of the City, the State or any political subdivision of the State not specifically pledged by this ordinance.

Section 13. Bond Covenants.

(a) Parity Bond Fund. The Parity Bond Fund has been previously created for the sole purpose of paying the principal of and interest on the Parity Bonds as the same shall become due. The Bonds shall be payable (including principal, Sinking Fund Requirements, redemption premium (if any) and interest) out of the Parity Bond Fund. So long as any Parity Bonds or Parity Payment Agreements are outstanding, the Director of Finance shall set aside and pay into the Parity Bond Fund on or prior to the respective dates on which such payments shall become due and payable certain fixed amounts out of Gross Revenues sufficient to make such payments as the same shall become due. Money in the Parity Bond Fund shall, to the fullest extent practicable and reasonable, be invested and reinvested at the direction of the Director of Finance solely in, and obligations deposited in such accounts shall consist of, Permitted Investments. Earnings on money and investments in the Parity Bond Fund shall be deposited in and used for the purposes of that fund.

(b) Reserve Fund. The Reserve Fund has been previously created for the purpose of securing the payment of the principal of and interest on all Parity Bonds and all amounts due under any Parity Payment Agreements. Money held in the Reserve Fund shall, to the fullest extent practicable and reasonable, be invested and reinvested at the direction of the Director of Finance solely in, and obligations deposited in such accounts shall consist of, Permitted Investments. Earnings on money and investments in the Reserve Fund shall be deposited in that fund and credited against amounts required to be deposited therein until the Reserve Fund is fully funded, and thereafter such earnings shall be deposited in the Parity Bond Fund.

(i) Reserve Fund Requirement. Each Bond Resolution shall establish the Reserve Fund Requirement, if any, for all Bonds issued thereunder and the method for providing for such Reserve Requirement.

(A) In the Parity Bond Legislation authorizing the issuance of any Future Parity Bonds, the City shall provide for deposit into the Reserve Fund out of Gross Revenues (or out of any other legally available funds, including proceeds of Parity Bonds) at one time on the Issue Date or in periodic payments so that by five years from the date of such Future Parity Bonds there will have been paid into the Reserve Fund an amount which, together with the money already on deposit therein, will be at least equal to the Reserve Fund Requirement for all Parity Bonds outstanding at the end of that five-year period.

(B) Notwithstanding the foregoing, any Parity Bond Legislation may provide for the City to obtain one or more Alternate Reserve Securities for specific amounts required to be paid into the Reserve Fund. The amount available to be drawn upon under each such Alternate Reserve Security shall be credited against the amounts required to be maintained in the Reserve Fund by paragraph (A) of this subsection.

(C) An Alternate Reserve Security may not be cancelable on less than five years' notice. In the event of receipt of any notice of cancellation, the City shall substitute an Alternate Reserve Security in the amount required pursuant to paragraph (A) of this subsection, or in the alternative shall create a special account in the Light Fund and deposit therein, on or before the 25th day of each of the 60 succeeding calendar months, 1/60th of the amount sufficient, together with other money and investments on deposit in the Reserve Fund, to equal the Reserve Fund Requirement on the date any such cancellation shall become effective. Such amounts shall be transferred from money in the Light Fund (after making provision for payment of operating and maintenance expenses and for the required payments into the Parity Bond Fund). Amounts on deposit in such special account shall not be available to pay debt service on Parity Bonds or for any other purpose of the City, and shall be transferred to the Reserve Fund on the effective date of any cancellation of the Alternate Reserve Security to make up the deficiency caused thereby. Amounts in that special account or in the Reserve Fund may be transferred back to the Light Fund and used for any purpose if and when a substitute Alternate Reserve Security is obtained.

(D) If the amount in the Reserve Fund is less than the Reserve Fund Requirement

(taking into account the five-year period referred to in paragraph (A) of this subsection), the City shall transfer to the Reserve Fund money in an amount sufficient to restore the Reserve Fund to the Reserve Fund Requirement within 12 months after the date of such deficiency. The City shall transfer such amounts first from money in the Light Fund (after making provision for payment of operating and maintenance expenses and for the required payments into the Parity Bond Fund) and only thereafter from money in any construction fund or account established with respect to any issue of Parity Bonds, first taking money from the unrestricted portion thereof, then taking money from the restricted portion thereof. If the amount in the Reserve Fund is greater than the Reserve Fund Requirement, then and only then may the City withdraw such excess from the Reserve Fund and deposit such excess in the Light Fund.

(ii) Use of Reserve Fund for Refunding Bonds. If any Parity Bonds are refunded, the money set aside in the Reserve Fund to secure the payment of such Parity Bonds may be used to retire such Parity Bonds or may be transferred to any reserve fund or account which may be created to secure the payment of any bonds issued to refund such Parity Bonds, as long as the money left remaining in the Reserve Fund is at least equal, together with all Alternate Reserve Securities, to the Reserve Fund Requirement.

(iii) Use of Reserve Fund for Payment of Debt Service. If the money in the Parity Bond Fund is insufficient to meet maturing installments of either interest on or principal of and interest on the Parity Bonds (including amounts payable under any Parity Payment Agreements), such deficiency shall be made up from the Reserve Fund by the withdrawal of money or proceeds of Alternate Reserve Securities, as the case may be. Any deficiency created in the Reserve Fund by reason of any such withdrawal or claim against an Alternate Reserve Security shall then be made up out of Net Revenue or out of any other legally available funds of the City.

(iv) Withdrawals From Reserve Fund. Money in the Reserve Fund may be withdrawn by the City for any lawful purpose as long as the aggregate of any money and Alternate Reserve Securities remaining on deposit in the Reserve Fund is at least equal to the Reserve Fund Requirement for the Parity

Bonds then outstanding. The City reserves the right to substitute one or more Alternate Reserve Securities for money previously deposited in the Reserve Fund and to withdraw such excess to the extent described in the preceding sentence. Any withdrawals from subaccounts within the Reserve Fund shall be made on a pro rata basis, except when the terms of an Alternate Reserve Security require all cash and investments in the Reserve Fund to be withdrawn before any draw or claim is made on the Alternate Reserve Security, or unless the City receives an opinion of Bond Counsel to the effect that such pro rata withdrawal is not required to maintain the federal tax benefits (if any) of any then outstanding Parity Bonds issued as Tax-Exempt Bonds or Tax Credit Subsidy Bonds.

(c) Sale or Disposition of the Light System.

(i) The City may dispose of all or substantially all of the Light System if the City simultaneously causes all of the Parity Bonds to be, or be deemed to be, no longer outstanding.

(ii) Except as provided below, the City will not dispose of any part of the Light System in excess of 5% of the value of the net utility plant of the Light System in service unless prior to such disposition:

(A) there has been filed with the Director of Finance a certificate of the Professional Utility Consultant stating that such disposition will not impair the ability of the City to comply with the rate covenant set forth in Section 13(d); or

(B) provision is made for the payment, redemption or other retirement of a principal amount of Parity Bonds equal to the greater of the following amounts: (1) an amount which will be in the same proportion to the net principal amount of Parity Bonds then outstanding (defined as the total principal amount of Parity Bonds then outstanding less the amount of cash and investments in the Parity Bond Fund) that Gross Revenues for the 12 preceding months attributable to the part of the Light System sold or disposed of bears to the total Gross Revenues for such period; or (2) an amount which will be in the same proportion to the net principal amount of Parity Bonds then outstanding that the book value of the part of the Light System sold or disposed of bears to the book value of the entire Light System immediately prior to such sale or disposition.

(iii) The City may dispose of any portion of the Light System that has become unserviceable, inadequate, obsolete, worn out or unfit to be used or no longer necessary, material to or useful in the operation of the Light System.

(iv) If the ownership of all or part of the Light System is transferred from the City through the operation of law, the City shall reconstruct or replace the transferred portion using any proceeds of the transfer unless the City Council determines that such reconstruction or replacement is not in the best interests of the City and the Owners of the Parity Bonds, in which case any proceeds shall be used to retire Parity Bonds prior to maturity.

(d) Rates and Charges. The City will establish from time to time and maintain such rates for electric energy as will maintain the Light System in sound financial condition and provide sufficient revenues to pay into the Parity Bond Fund the amounts that are required by this ordinance to be applied to the payment of the principal of and interest on the Parity Bonds until the Parity Bonds shall have been paid in full, to pay all costs of operation and maintenance and to pay all bonds, warrants and indebtedness for which any revenues of the Light System shall have been pledged.

(e) Maintenance and Operation of the Light System. The City will operate the properties of the Light System in an efficient manner and at a reasonable cost; and will maintain, preserve and keep, or cause to be maintained, preserved and kept, the properties of the Light System and every part and parcel thereof in good repair, working order and condition; and from time to time will make or cause to be made all necessary and proper repairs, renewals and replacements thereto so that at all times the business carried on in connection therewith will be properly and advantageously conducted.

(f) Books and Financial Statements. The City will keep and maintain proper books of account for the Light System in accordance with generally accepted accounting principles applicable to governmental utilities; will generally adhere to the uniform system of accounts prescribed by the State Auditor's Office and the Federal Energy Regulatory Commission (if any); and will prepare, on or before 120 days after each

calendar year, annual financial statements showing reasonable detail, including a balance sheet, an income statement and a statement of cash flows or other such statement. Copies of such financial statements shall be placed on file in the office of the Director of Finance and shall be open to inspection at any reasonable time by any owner of any Parity Bonds. A copy of such financial statements shall be sent to any owner of Parity Bonds upon request in writing setting forth the name and address to which such financial statements may be sent.

(g) Issuance of Future Parity Bonds. Except as provided in Section 13(h) for the issuance of Refunding Parity Bonds, Future Parity Bonds may be issued (and Parity Payment Agreements may be entered into), from time to time in one or more series for any lawful purpose of the City's Light Department, only if at the time of delivery of each series of Future Parity Bonds to the initial purchasers thereof (or on the effective date of the Parity Payment Agreement):

(i) There is no deficiency in the Parity Bond Fund or in any of the accounts therein and provision has been made to meet the Reserve Fund Requirement for all Parity Bonds then outstanding plus such proposed series of Parity Bonds; and

(ii) There shall have been filed with the City either:

(A) a certificate of the Director of Finance stating that Net Revenue in any 12 consecutive months out of the most recent 24 months preceding the delivery of the proposed series of Parity Bonds (the "Base Period") was not less than 125% of maximum Annual Debt Service in any future calendar year on all Parity Bonds then outstanding and the proposed series of Parity Bonds (except that if any adjustment in the rates, fees and charges for the services of the Light System will be effective at any time prior to or within six months after the delivery of the proposed Parity Bonds, the Director of Finance shall reflect in his or her certificate the Net Revenue he or she calculates would have been collected in the Base Period if such new rates, fees and charges had been in effect for the entire Base Period), or

(B) a certificate of the Professional Utility Consultant setting forth: (1) the amount of the Adjusted Net Revenue computed as provided in paragraph (iii) below; (2) the amount of maximum Annual

Debt Service in any calendar year thereafter on account of all Parity Bonds to be outstanding in such calendar year, including the Parity Bonds proposed to be issued, and stating that the amount shown in subparagraph (B) (1) above is not less than 125% of the amount shown in this subparagraph (B)(2).

(iii) For the purposes of the certificate required by paragraph (ii) above, Adjusted Net Revenue shall be computed by the Professional Utility Consultant by adjusting the Net Revenue for the Base Period by any or all of the following conditions and requirements as may be appropriate to the circumstances:

(A) If the Parity Bonds are being issued for the purpose of acquiring operating electric utility properties having an earnings record, the Professional Utility Consultant shall estimate the effect on the Net Revenue for the Base Period of the acquisition of such electric utility properties and the integration thereof into the Light System, and shall adjust the Net Revenue for the Base Period to give effect to such estimate. Any such estimate shall be based upon the operating experience and records of the City and upon any available financial statements and records relating to the earnings of such electric utility properties to be acquired.

(B) If any changes have been adopted by the City Council and are in effect on the date of sale of the Parity Bonds or are to go into effect not later than 12 months after such date, in any rates and charges imposed by the City on sales of power and energy and other services furnished by the Light System, which were not in effect during the entire Base Period, the Professional Utility Consultant may, if such changes resulted in increases in such rates and charges, and shall, if such changes resulted in reductions in such rates and charges, adjust Net Revenue for the Base Period to reflect any change in such Net Revenue that would have occurred if the changed rates and charges had been in effect during the entire Base Period.

(C) If the purpose for which the Parity Bonds are being issued is to acquire or construct generation or transmission facilities required to furnish or make available to the Light System additional power and energy, or transmission facilities required to enable the City to sell additional power and energy, the Professional Utility Consultant may adjust Net Revenue for the Base Period by (1) deducting the

amount of the estimated increase in operating and maintenance expenses resulting from the acquisition or construction of such facilities in their first year of full operation, (2) adding any additional revenues to be derived from the sale or transmission of such additional power and energy pursuant to executed power sales contracts, and (3) adding an amount equal to the estimated cost of the power and energy which would have been replaced or displaced by such facilities had such additional power and energy in excess of the power and energy to be sold pursuant to clause (2) above been used in the Light System during the Base Period.

(D) If there were any customers added to the Light System during the Base Period or thereafter and prior to the date of the Professional Utility Consultant's certificate, Net Revenue may be adjusted on the basis that such added customers were customers of the Light System during the entire Base Period.

(E) If extensions of or additions to the Light System (not described in subparagraph (C) above) are in the process of construction on the date of the Professional Utility Consultant's certificate, or if the proceeds of the Parity Bonds being issued are to be used to acquire or construct extensions of or additions to the Light System (not described in subparagraph (C) above), the Net Revenue for the Base Period may be adjusted by adding any additional revenues not included in the preceding paragraphs that will be derived from such additions and extensions and deducting the estimated increase in operating and maintenance expenses resulting from such additions and extensions.

(F) The Net Revenue for the Base Period may be adjusted by excluding from the determination of expenses of operation, maintenance and repair of the Light System any extraordinary, nonrecurring expenses of the Light System or any judgments or amounts to be paid in settlement of claims against the Light System.

(iv) In rendering any certificate under this Section 13(g), the Professional Utility Consultant may rely upon, and such certificate shall have attached thereto, (A) financial statements of the Light System, certified by the Director of Finance, showing income and expenses for the period upon which the same are based and a balance sheet as of the end of such period, (B) similar certified statements by the Division of

Municipal Corporations of the Office of the State Auditor of the State (or any successor thereto), or (C) similar certified statements by a Certified Public Accountant for as much of such period as any examination by them has been made and completed. If two or more of such statements are inconsistent with each other, the Professional Utility Consultant shall rely on the statement described under clause (A) in this Section 13(g)(iv).

(h) Issuance of Refunding Parity Bonds.

(i) Without complying with the provisions of Section 13(g), the City may at any time and from time to time issue one or more series of Refunding Parity Bonds, but only if there shall have been filed with the City a certificate of the Director of Finance stating that Annual Debt Service immediately after the issuance of such Refunding Parity Bonds (calculated by including debt service on the Refunding Parity Bonds but excluding debt service on the bonds to be refunded with the proceeds thereof) does not exceed the Annual Debt Service immediately prior to the issuance of the Refunding Parity Bonds (calculated by including debt service on the bonds to be refunded but excluding debt service on the Refunding Parity Bonds) by more than \$5,000 in any calendar year that any then-outstanding Parity Bonds are anticipated to be outstanding.

(ii) Parity Bonds of any one or more series or one or more maturities within a series may be refunded by a single series of Refunding Parity Bonds, which Refundable Bonds shall be specified in the Parity Bond Legislation providing for the issuance of the Refunding Parity Bonds, and the principal amount of such Refunding Parity Bonds may include amounts necessary to pay the principal of the Parity Bonds to be refunded, interest thereon to the date of payment or redemption thereof, any premium payable thereon upon such payment or redemption and the costs of issuance of such Refunding Parity Bonds. The proceeds of the Refunding Parity Bonds shall be held and applied in such manner as is provided in the Parity Bond Legislation providing for the issuance of such Refunding Parity Bonds, so that upon the delivery of such Refunding Parity Bonds the Parity Bonds to be refunded thereby shall be deemed to be no longer outstanding in accordance with the provisions of the Parity Bond Legislation providing for the issuance of those Parity Bonds.

(iii) Refunding Parity Bonds may also be issued upon compliance with the provisions of

Section 13(g).

(iv) Nothing contained in this ordinance shall prohibit or prevent, or be deemed or construed to prohibit or prevent, the City from issuing Refunding Parity Bonds to fund or refund maturing Parity Bonds of the City for the payment of which money is not otherwise available.

Section 14. Provisions Relating to Certain Federal Tax Consequences of the Bonds.

(a) Tax-Exempt Bonds. The City covenants that it will take all actions consistent with the terms of any Series issued as Tax-Exempt Bonds, this ordinance and the Bond Resolution, reasonably within its power and necessary to prevent interest on that Series from being included in gross income for federal income tax purposes, and the City will neither take any action nor make or permit any use of proceeds of such Series or other funds of the City treated as proceeds of the Series at any time during the term of the Series that will cause interest on the Series to be included in gross income for federal income tax purposes. The City also covenants that it will, to the extent the arbitrage rebate requirement of Section 148 of the Code is applicable to any Series issued as Tax-Exempt Bonds, take all actions necessary to comply (or to be treated as having complied) with that requirement in connection with that Series, including the calculation and payment of any penalties that the City has elected to pay as an alternative to calculating rebatable arbitrage, and the payment of any other penalties if required under Section 148 of the Code to prevent interest on such Series from being included in gross income for federal income tax purposes.

(b) Tax Credit Subsidy Bonds or other Taxable Bonds. The Director of Finance may, without further action by the City Council, make provision in the Bonds or other written document for such additional covenants of the City as may be necessary or appropriate in order for the City to receive from the United States Treasury the applicable Tax Credit Subsidy Payments in respect of any Series of the Bonds issued as Tax Credit Subsidy Bonds or otherwise become and remain eligible for tax benefits under the Code.

Section 15. Refunding or Defeasance of Bonds. The Bonds are hereby designated “Refundable Bonds” for purposes of the Omnibus Refunding Bond Ordinance. The City may issue refunding bonds pursuant

to the laws of the State or use money available from any other lawful source to pay when due the principal of and premium, if any, and interest on any Bond, or any portion thereof, included in a refunding or defeasance plan, and to redeem and retire, release, refund or defease those Bonds (the “Defeased Bonds”) and to pay the costs of such refunding or defeasance. If money and/or Government Obligations maturing at a time or times and in an amount sufficient, together with known earned income from the investments thereof, to redeem and retire, release, refund or defease the Defeased Bonds in accordance with their terms, are set aside in a special trust fund or escrow account irrevocably pledged to such redemption, retirement or defeasance (the “Trust Account”), then all right and interest of the Owners of the Defeased Bonds in the covenants of this ordinance and in Gross Revenues and the funds and accounts pledged to the payment of such Defeased Bonds, other than the right to receive the funds so set aside and pledged, thereafter shall cease and become void. Such Owners thereafter shall have the right to receive payment of the principal of and interest or redemption price on the Defeased Bonds from the Trust Account. Unless otherwise specified in the Bond Resolution, notice of refunding or defeasance shall be given, and selection of Bonds for any partial refunding or defeasance shall be conducted, in the manner set forth in this ordinance for the redemption of Bonds. After establishing and fully funding such a Trust Account, the Defeased Bonds shall be deemed no longer outstanding and the City may apply any money in any other fund or account established for the payment or redemption of the Defeased Bonds to any lawful purposes, subject only to the rights of the Owners of any other Parity Bonds.

Section 16. Amendments.

(a) Amendments Without Bond Owners’ Consent. The City Council from time to time and at any time may pass supplemental resolutions or ordinances, which shall become a part of this ordinance, for any one or more of the following purposes:

(i) To add other covenants and agreements that do not adversely affect the interests of the owners of any Parity Bonds then outstanding, or to surrender any right or power reserved to or conferred upon the City.

(ii) To cure any ambiguities or to cure, correct or supplement any defective provision contained in this ordinance in regard to matters or questions arising under this ordinance as the City Council may deem necessary or desirable and not inconsistent with this ordinance and which do not materially adversely affect the interests of owners of any Parity Bonds then outstanding.

(iii) To make such changes as are necessary to permit the Bonds to be held in registered certificate form or in fully immobilized form by a Securities Depository.

Any such supplemental resolution or ordinance may be passed without the consent of the registered owners of the Parity Bonds at the time outstanding, notwithstanding any of the provisions of subsection (b) of this section, but only upon receipt by the City of an opinion of Bond Counsel to the effect that the amendment is permitted by the terms of this ordinance. The City shall deliver a copy of any such supplemental resolution or ordinance to each Rating Agency prior to its passage by the City.

(b) Amendments With Bond Owners' Consent. The City Council may, with the consent of the registered owners representing not less than 60% in aggregate principal amount of the Parity Bonds then outstanding, pass supplemental resolutions or ordinances to add to, change, or eliminate any provision of this ordinance or of any supplemental resolution or ordinance, except no such supplemental resolution or ordinance may:

(i) Extend the fixed maturity of any Parity Bond, reduce the rate of interest on any Parity Bond, extend the times of payment of interest from their respective due dates, reduce the principal amount of any Parity Bond, or reduce any redemption premium, without consent from the registered owners of or on behalf of all Parity Bonds so affected; or

(ii) Reduce the percentage of ownership required to approve any such supplemental resolution or ordinance without the consent from the registered owners of or on behalf of all of the Parity Bonds then outstanding.

For purposes of determining whether consents representing the requisite percentage of principal amount

of Parity Bonds have been obtained, the Accreted Value of Capital Appreciation Bonds shall be deemed to be the principal amount. It shall not be necessary to obtain approval of the particular form of any proposed supplemental resolution or ordinance, but it shall be sufficient if the consent shall approve the substance thereof.

(c) Special Amendments. The Registered Owners from time to time of the Bonds, by taking and holding the same, shall be deemed to have consented to the passage by the City Council of any supplemental resolution or ordinance, which shall become a part of this ordinance, for any one or more of the following purposes:

(i) Permit the reimbursement obligations of the City under any Qualified Insurance or Qualified Letter of Credit (other than Qualified Insurance or a Qualified Letter of Credit obtained to satisfy all or a part of the Reserve Fund Requirement) to be secured by a charge and lien on Net Revenue of the Light System equal in rank with the charge and lien upon such Net Revenue required to be paid into the Parity Bond Fund to pay and secure the payment of the principal of and interest on Parity Bonds;

(ii) Permit the reimbursement obligations of the City under any Alternate Reserve Security to be made by transfers from money in the Light Fund on a parity with the transfers to be made to upon receipt of any notice of cancellation of an Alternate Reserve Security;

(iii) Provide, in calculating Annual Debt Service with respect to any series of Parity Bonds, the aggregate principal amount of which becomes due and payable, either at maturity for Serial Bonds or as a Sinking Fund Requirement for Term Bonds, in any calendar year in an amount that constitutes 25% or more of the initial aggregate principal amount of such series of Parity Bonds, that the principal of such series of Parity Bonds, together with interest thereon at the rate or rates applicable to such series of Parity Bonds, may be amortized in equal annual installments over a period equal to the longer of 30 years or the remaining term of such series of Parity Bonds;

(iv) Provide that the amount of interest deemed to be payable on any series of Variable

Interest Rate Bonds shall be calculated on the assumption that the interest rate on those Parity Bonds is equal to the highest 12-month rolling average of the SIFMA Municipal Swap Index over the preceding 10 years.

(v) Clarify that the prohibition against acceleration of Parity Bonds does not prohibit any indirect acceleration of the maturity thereof (A) through reimbursement obligations to the provider of any Qualified Letter of Credit occurring as a result of the mandatory tender for purchase thereof or (B) as a result of amounts coming due, including by revised amortization requirements and/or increased interest rates, following an optional or mandatory tender for purchase thereof;

(vi) Clarify that the definition of “Annual Debt Service” does not include (A) reimbursement obligations to the provider of any Qualified Letter of Credit occurring as a result of the mandatory tender for purchase of Parity Bonds or (B) amounts coming due, including by revised amortization requirements and/or increased interest rates, following an optional or mandatory tender for purchase of Parity Bonds; or

(vii) Clarify that the definition of “Qualified Letter of Credit” includes a standby bond purchase agreement or similar liquidity facility.

(d) Effect of Amendment. Upon the passage of any supplemental resolution or ordinance pursuant to the provisions of this section, this ordinance shall be deemed to be modified and amended in accordance therewith, and the respective rights, duties and obligations of the City under this ordinance shall thereafter be determined, exercised and enforced, subject in all respects to such modification and amendments, and all the terms and conditions of any such supplemental resolution or ordinance shall be deemed to be a part of the terms and conditions of this ordinance for any and all purposes.

(e) Notation on Bonds. Parity Bonds executed and delivered after the execution of any supplemental resolution or ordinance passed pursuant to the provisions of this section may have a notation as to any matter provided for in such supplemental resolution or ordinance, and if such supplemental resolution or ordinance shall so provide, new bonds modified to conform, in the opinion of the City Council, to any modification of this ordinance contained in any such supplemental resolution or ordinance may be prepared by

the City and delivered without cost to the owners of any affected Parity Bonds then outstanding, upon surrender for cancellation of such bonds in equal aggregate principal amounts.

Section 17. Rate Stabilization Account. The City may at any time deposit in the Rate Stabilization Account, Gross Revenues and any other money received by the Light System and available to be used therefor. Thereafter, the City may withdraw any or all of the money from the Rate Stabilization Account for inclusion in Net Revenue for any applicable year of the City. Such deposits or withdrawals may be made up to and including the date 90 days after the end of the applicable year for which the deposit or withdrawal will be included as Net Revenue.

Section 18. Official Statement; Continuing Disclosure.

(a) Preliminary Official Statement. The Director of Finance and other appropriate City officials are directed to cause the preparation of and review the form of a preliminary official statement in connection with each sale of one or more Series of the Bonds to the public. For the sole purpose of the Purchaser's compliance with paragraph (b)(1) of Rule 15c2-12, the Director of Finance is authorized to deem that preliminary official statement final as of its date, except for the omission of information permitted to be omitted by Rule 15c2-12. The City approves the distribution to potential purchasers of the Bonds of a preliminary official statement that has been deemed final in accordance with this substitution.

(b) Final Official Statement. The City approves the preparation of a final official statement for each sale of one or more Series of the Bonds to be sold to the public in the form of the preliminary official statement with such modifications and amendments as the Director of Finance deems necessary or desirable, and further authorizes the Director of Finance to execute and deliver such final official statement to the Purchaser. The City authorizes and approves the distribution by the Purchaser of that final official statement to purchasers and potential purchasers of the Bonds.

(c) Undertaking to Provide Continuing Disclosure. To meet the requirements of paragraph (b)(5) of Rule 15c2-12, as applicable to a participating underwriter for a Series of the Bonds, the Director of Finance

is authorized to execute a written Undertaking in substantially the form attached as Exhibit B.

Section 21. Severability. The provisions of this ordinance are declared to be separate and severable. If a court of competent jurisdiction, all appeals having been exhausted or all appeal periods having run, finds any provision of this ordinance to be invalid or unenforceable as to any person or circumstance, such offending provision shall, if feasible, be deemed to be modified to be within the limits of enforceability or validity. However, if the offending provision cannot be so modified, it shall be null and void with respect to the particular person or circumstance, and all other provisions of this ordinance in all other respects, and the

offending provision with respect to all other persons and all other circumstances, shall remain valid and enforceable.
