CITY OF SEATTLE

RESOLUTION _____

A RESOLUTION to initiate a new Business Improvement Area to be known as the Ballard Improvement Area (BIA).

WHEREAS, the owners of commercial properties, multifamily residential properties, and mixed-use properties that are subject to nearly 65 percent of the special assessments that would be assessed upon the establishment of a Business Improvement Area filed a petition with The City of Seattle pursuant to chapter 35.87A RCW, and said petition is filed in Clerk File 322710; and

WHEREAS, the City Council has reviewed the petition and letters of support, and determined it is in the best interests of the City to proceed, as permitted by chapter 35.87A RCW, under the resolution method of creating a new and expanded Business Improvement Area instead of the petition method; NOW, THEREFORE,

**BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF SEATTLE, THE MAYOR

In case of a conflict between the descriptions of the areas and the map, the descriptions shall control.

Section 3. Programs. Special assessment revenues shall be used for the following component programs within the Business Improvement Area:

- A. Public Safety and Public Health Enhancement;
- B. Clean Environment and Public Realm;
- C. Advocacy, Urban Design and Transportation;
- D. Marketing and Promotions;
- E. Business Development and Retention; and
- F. Organizational Management.

All such activities are supplemental to programs and services provided by the City and are not intended

to displace any services regularly provided by municipal government. The total projected cost of BIA programs that will be paid for with the proposed BIA's assessments in the fiscal year of 2024 is estimated to be approximately \$990,190. This will also be the approximate amount in subsequent years as adjusted by various factors including, but not limited to, inflation and other impacts to the total level of assessment due to factors discussed in the assessment formula.

Section 4. There is proposed to be an advisory board whose membership is comprised of ratepayers that shall be representative of the varying sizes and types of property owners, residents, and business tenants, within the geographic area of the Ballard Improvement Area and may include public agencies.

Section 5. Levy of special assessments. To finance the programs authorized in Section 3 of this resolution and as described in the Ballard Alliance Renewal and Business Plan, a 12-year special assessment is proposed to be levied upon and collected from the owners of commercial property, multifamily residential property (buildings containing four or more residential units), and mixed-use property (multifamily residential and commercial) located within the boundaries of the Ballard Business Improvement District Area (BIA) described in Section 2 of this resolution and shown in Attachment A to this resolution. Initial assessment calculations will be based on property information from the King County Assessor's Office for Value Year 2021/Tax Year 2022, and the BIA will annually update records based on data and information from King County and the City. Ratepayers will be assessed by the City in 12 annual installments to be billed semi-annually beginning in the year of the authorization (2024), by applying the following assessment rates to each ratepayer:

A. First Year Assessment: $(\$0.60 \times (\text{Total Appraised Value}/\$1,000)) + (\$0.14 \times \text{Total Lot Square Feet})$. Total Appraised Value in these calculations shall be based on Land + Improvements. This calculation is called the "Base Formula." Modifications or limitations to the First Year Assessments are described below. To the extent that ratepayers are eligible for multiple assessment ceilings, the lowest applicable rate applies.

B. If the Total Appraised Value (Land + Improvements) and Total Taxable Value (Land +

Improvements) in the King County Assessor's records are not equal due to tax exemption status, the following rules apply:

1. If the Total Taxable Value is zero, then the First Year Assessment = $[(\$0.60 \times (\text{Total Appraised Value}/\$1,000)) + (\$0.14 \times \text{Total Lot Square Feet})] \times 25\%$.

2. If the Total Taxable Value is not zero, then the First Year Assessment = $(\$0.60 \times (\text{Total Taxable Value}/\$1,000)) + (\$0.14 \times (\text{Total Lot Square Feet} \times \text{Total Taxable Value}/\text{Total Appraised Value})) + ((\$0.60 \times (\text{Total Appraised Value} - \text{Total Taxable Value})/\$1,000) \times 25\%) + ((\$0.14 \times \text{Total Lot Square Feet} \times (\text{Total Appraised Value} - \text{Total Taxable Value})/\text{Total Appraised Value}) \times 25\%)$.

C. Multifamily Tax Exemption (MFTE) Residential Properties.

1. Residential properties receiving an MFTE tax exemption do not qualify for the 25 percent non-profit reduced assessment rate and assessments will be calculated using the Base Formula.

2. If a property is owned by a for-profit entity and qualifies for the MFTE from the City, the First Year Assessment will be calculated using the Total Appraised Value upon 100 percent completion of the building and/or authorization of MFTE.

D. Additional modifications or limitations to assessments are described below:

1. Residential Ceiling: The benefit ceiling for owned and rental multifamily residential units is \$130 per unit per year.

2. Building Square Foot Ceiling: The benefit ceiling for building square footage is \$0.25 per square foot for any property with an FAR that is 0.5 or more.

3. Special consideration will be given to a multifamily residential building containing four or more residential units. This applies whether that building is located on one or multiple property parcels. The intent is that the residential ceiling benefit would apply to all multifamily residential buildings containing four or more residential units whether or not the ratepayer has combined, or intends to combine, multiple parcels when the base year for BIA assessments is established. This includes buildings located on more than one

property parcel owned by the following ratepayers:

- a. “PPF AMLI 2428 NW Market Street” for the properties known as “AMLI Ballard Jacobsen Site”;
 - b. “EQR-R E TAX DEPARTMENT” for the properties known as “Urbana Apartment”;
- and
- c. “EQR Tallman LLC” for the properties known as “Ballard Tallman.”

4. The following five parcels (listed by King County parcel number) will be assessed at 50 percent of the Base Formula, as these will benefit from secondary rather than primary BIA services: 2768303229, 2768303247, 2768303190, 2768303245, and 2768303315. These parcels, known as the Ballard Blocks, are non-contiguous with the rest of the BIA and are designated as a secondary service area. Due to this designation, the non-contiguous parcels will receive all BIA benefits excluding clean and safe services.

E. Assessment Installments and Annual Increments.

1. Ratepayers will be assessed by The City of Seattle for 24 biannual installments beginning with the base year of authorization (2024).
2. For each year following the first year of authorization, the following assessment escalations will apply to the assessment formulas:
 - a. Year 2: Year 2 assessments will equal Year 1 assessments times the percentage change in the Consumer Price Index (CPI) for All Urban Consumers in Seattle-Tacoma-Bellevue (“CPI-U-Seattle”), October 2022 to October 2023 unless there is an increase in Building Square Feet for a given parcel. If CPI-U-Seattle is less than two percent, use two percent. If CPI-U-Seattle is more than six percent, use six percent.

If there is an increase in Building Square Feet for a given parcel, then that parcel will be recalculated using the latest available King County Assessor’s data with the Land Area Factor, Building Square Foot Ceiling, and Residential Ceiling escalated by CPI-U-Seattle (between two and six percent).

- b. Years 3 through 12: Use the same annual escalation scheme as for Year 2, with the

percentage change of no more than six percent as the ceiling and no less than two percent as the floor, which is dependent on the CPI-U-Seattle between October 2022 and October of the year prior to the assessment year.

G. New benefit areas shall be added to the assessment roll on an annual basis, as follows. A “new benefit area” is created when a parcel’s net building square footage increases as a result of either a new building or expansion of an existing building. A new benefit area shall be added to the BIA assessment roll following its inclusion in the King County Assessor assessment roll during the preceding year. The new benefit area shall be assessed according to the Base Formula factors and assessment ceiling rates in effect during the assessment year. A new benefit area will continue to have its value updated to the most current year value until it is designated as 100 percent complete and no new dollars are added by the King County Assessor’s Office. The formula for a new benefit area will be calculated using the new King County Assessor’s values in the Base Formula multiplied by the annual CPI Factor in effect. New BIA assessments will be billed at the next regularly scheduled billing period established by the Director of Treasury Services.

H. Rate Changes. Changes in assessment rates other than as described in this section shall only be authorized by ordinance consistent with RCW 35.87A.140 and with the approval of the BIA Advisory Board and shall not occur more than one time per year.
