majority of Seattle children, youth, and Seattle Promise scholars will not receive in-person classroom instruction for the foreseeable future; and

WHEREAS, while Seattle Public Schools is working to provide remote learning instruction to students, remote instruction alone does not fill the need for student supervision and developmentally appropriate expanded learning activities that support student well-being and enrichment; and

WHEREAS, the National Institute for Early Education Research and McKinsey & Company report preschoolers and K-12 students from historically underserved communities will experience the worst educational outcomes in a prolonged remote learning environment; and

WHEREAS, the Executive has sought the review and recommendation of the Levy Oversight Committee

created under Ordinance 125604 with respect to amending the Plan; NOW, THEREFORE,

BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:

Section 1. The Seattle City Council ("Council") finds and declares that:

A. The Families, Education, Preschool and Promise Levy Implementation and Evaluation Plan ("Plan") approved by Ordinance 125807 did not contemplate the existence of a global public health pandemic that would substantially impact the delivery and evaluation of services and programs as outlined in the Plan.

B. COVID-19 has resulted in public health guidance reducing staff-to-student ratios for in-person services and remote learning instruction for preschool through postsecondary students, and has exacerbated race-based opportunity gaps in education.

C. If the Department of Education and Early Learning (DEEL) were to strictly adhere to the implementation guidance specified by the Plan, the intended outcomes and goals of the FEPP Levy would be compromised.

D. In response to the ongoing uncertainties of implementing education-support services during COVID-19, DEEL requires flexibility to revisit and adjust contracts, policies, and procedures and reallocate resources to promote equity in educational outcomes.

E. Technology hardware and software, health and safety equipment, provision of basic needs such as nutrition and shelter, and efforts to stabilize education partners are education-support services as defined in Section 6 of Ordinance 125604.

F. Ninety attempted credits is equivalent to two years of postsecondary education, the requirement for Seattle Promise tuition and non-tuition financial support defined in Section 6 of Ordinance 125604.

Section 2. The Plan previously approved by Ordinance 125807 and attached to this ordinance as Attachment 1 is amended as provided in Addendum No. 3 to the Plan, attached to this ordinance as Attachment 2. Any changes to the Plan made under Addendum 3 shall be consistent with the purposes and intent of Ordinance 125604.

Section 3. Any act consistent with the authority of this ordinance taken by DEEL prior to its effective date is ratified and confirmed.

Section 4. This ordinance shall take effect and be in force 30 days after its approval by the Mayor, but if not approved and returned by the Mayor within ten days after presentation, it shall take effect as provided by Seattle Municipal Code Section 1.04.020.
