CITY OF SEATTLE

ORDINANCE _____

COUNCIL BILL _____

AN ORDINANCE relating to the Seattle Fire Department's services and fees; adding and revising various Seattle Fire Department permit, inspection, and plan review fees and related provisions; and amending Sections 22.602.045, 22.602.050, and 22.602.070 of the Seattle Municipal Code.

WHEREAS, the Seattle Fire Code establishes standards intended to preserve lives and protect property, and is also known as Subtitle VI of the Seattle Building and Construction Codes; and

WHEREAS, the Seattle Fire Department provides permitting, inspections, plan review and certification services to support enforcement of Seattle Fire Code safety standards; and

WHEREAS, the City seeks to maintain wishes to maintain or improve cost recovery for the provision of fire prevention services related to specific permitted activities and construction-related inspections and plan reviews; NOW, THEREFORE,

BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:

Section 1. Section 22.602.045 of the Seattle Municipal Code, last amended by Ordinance 126522, is amended as follows:

22.602.045 Fees

* * *

B. The fees for the following special event permits are established in Schedule B. See Table B for 22.602.045.

**Special Events Permit Fees
Effective ((March 1, 2022)) January 1, 2023**

Schedule B Table B for 22.602.045 Special Event Permits See notes Late Fee ^{a,b}, Fireworks ^c applicable to all Schedule B permit fees.

Code No.	Permit Title	Original Fee	Renewal Fee
1102-SE	Ceremonial fireworks - Special Events	No fee	No renewal
1102-FE	Flame effects, temporary, single event (non-LPG)	^b \$235	No renewal
1102-H	((Fire performance,)) Open flame/flame effects, temporary, single event (non-LPG)	^a \$235	No renewal
8207-FE	((Open flame, special events,)) LPG for flame effects, temporary, single event	^(a) ^b \$235	No renewal
8207-VH	LPG/Solid Fuel for cooking/heating, single event	^a \$235	No renewal

^a **Late Fee Applied.** Schedule B permit applications for permits 1102-H, 2500 FM, 2511, ((3190,)) 8020, 8206, 8207-VH, and 8208 that are received by the Seattle Fire Department fewer than ten calendar days prior to the event, not counting the day of the event for which they apply, shall be assessed a late fee in addition to the permit fee. The late fee shall be equal to 50 percent of the original permit fee. Applications received three or fewer business days prior to the event may not be processed and the permit may not be issued. Payment for Schedule B permit renewals, where allowed, which is received more than 30 calendar days but fewer than 91 calendar days past the permit expiration date shall be equal to 1.25 times the renewal fee. The renewal permit will be valid for only one year from the expiration date of the prior permit. Permits for which no renewal payment has been received within 90 calendar days following the permit expiration date will be cancelled. Permits that have been cancelled may be reinstated, effective from the expiration date, if the permit holder pays a late penalty of 1.5 times the fee for an original permit within 180 days of the expiration date. Thereafter, any person whose permit has been cancelled shall not be allowed to reinstate the cancelled permit, but shall be required to submit a new permit application and pay a late penalty of 1.5 times the fee for an original permit. Note: new applications for permits 8206 (all types) and 2500-LPG are not subject to late fees; the renewal process for these annual permits does include late fees and if permits are not renewed timely, late fees related to the renewal will be applied as described above in this footnote a. ^b **Late Fee Applied.** Applications for

temporary, non-renewable Schedule B permits (~~((numbered from))~~ 1102-FE, 2503 to 2505.4, 3201, 3201-CTY, 3201-SFD, ~~((and from))~~ 7801.1 to 7802, and 8207-FE that are received by the Seattle Fire Department fewer than 30 calendar days prior to the event, not counting the day of the event for which they apply, shall be assessed a late fee in addition to the permit fee and any applicable time charge. The late fee shall be equal to 50 percent of the original permit fee. Applications received three or fewer business days prior to the event may not be processed and the permit may not be issued. **Fireworks Permits.** An application for a fireworks permit shall be made in writing to the fire code official at least 30 calendar days in advance of the display. At the time the permit application is submitted, the fire code official shall be consulted regarding requirements for standby fire apparatus. □

C. The fees for the following special hazards permits are established in Schedule C. See Table C for 22.602.045.

Special Hazards Permits

Fees for special hazards permits are established in Schedule C (See Table C for 22.602.045). In some cases these fees are based on the quantity of hazardous material stored and/or handled at the site and the relative risk posed by each material.

1. Definitions:

a. “Quantity Range Number,” as established in the Quantity Range Table below, is a number between 1 and 2 that is assigned to a hazard category based upon the amount of hazardous material located at the site.

QUANTITY RANGE TABLE

QUANTITY RANGE NUMBER	SOLIDS (Pounds)	LIQUIDS (Gallons)	GASES (Cubic Feet)
1	0-550	0-55	0-1,000
1.25	>550-5,500	>55-550	>1,000-5,000
1.5	>5,500-27,500	>550-2,750	>5,000-50,000
1.75	>27,500-55,000	>2,750-5,500	>50,000-100,000
2	>55,000	>5,500	>100,000

b. “Assigned Risk Factor,” as established below, is a number between 1 and 1.5 assigned to each hazard class and category of hazardous material indicating the relative hazard posed by materials in that hazard category and the potential nature of controls required by the Fire Code.

Hazard Class	Assigned Risk Factor	Hazard Class	Assigned Risk Factor
--------------	----------------------	--------------	----------------------

Aerosol products	1.3	Organic peroxides	
Cellulose nitrate	1.3	Unclassified	1.5
Combustible fiber	1.2	Class I	1.4
Combustible liquids		Class II	1.3
Class II	1.2	Class III	1.2
Class III-A	1.1	Class IV	1.0
Class III-B	1.0		
Compressed gases		Oxidizers	
Highly toxic	1.5	Class 4	1.5
Pyrophoric	1.4	Class 3	1.4
Flammable	1.4	Class 2	1.2
Unstable	1.4	Class 1	1.1
Oxidizing	1.4	Pyrophoric liquids and solids	1.3
Toxic	1.3	Toxic liquids and solids	1.2
Corrosive	1.3	Unstable (reactive) liquids and solids	
Corrosive Liquids and Solids	1.1	Class 4	1.5
Cryogenic Fluids	1.3	Class 3	1.4
Explosives	1.5	Class 2	1.3
Fireworks	1.4	Class 1	1.0
Flammable liquids, Class I	1.4	Water-reactive materials	
Flammable solids	1.3	Class 3	1.5
Highly toxic liquids and solids	1.5	Class 2	1.3
Magnesium	1.3	Class 1	1.0

c. “Fixed permit cost” is the minimum cost for the Seattle Fire Department to issue a hazardous material permit.

The fixed permit cost is ((~~\$288~~)) \$311.

d. “Base permit fee” is determined by multiplying the sum of the products of the quantity range number and assigned risk factor for each hazard class by the fixed permit cost and is represented by the following equation:

$$\text{Base permit fee} = [\Sigma (Q_1)(R_1) + (Q_2)(R_2) \dots] [F]$$

Where: Q = The quantity range number.

R = The assigned risk factor.

F = The fixed permit cost of ~~((\\$288))~~ \\$311.

When an individual material has multiple hazards, only the hazard presented by the hazard class that has been assigned the highest risk factor shall be considered in the fee calculation.

Example:

XYZ Company stores 50 gallons of gasoline and 200 gallons of 50% nitric acid. Gasoline is classified as a Class I flammable liquid, which has an assigned risk factor of 1.4. Nitric acid (50%) is classified as both a corrosive liquid and a Class 2 oxidizer. Because 50% nitric acid presents two separate hazards (corrosive and Class 2 oxidizer) only the Class 2 oxidizer hazard is considered in the fee calculation because it has an assigned risk factor of 1.2 compared to the 1.1 risk factor assigned to corrosives.

$$\text{Base permit fee} = [(1)(1.4)_{\text{flammable}} + (1.25)(1.2)_{\text{Class 2 oxidizer}}] [\text{~~((\$288))~~ } \underline{\$311}]$$

$$\text{Base permit fee} = (\text{~~((\$835.20))~~ }) \underline{\$901.09}$$

Special Hazards Permit Fees Effective ~~((March 1, 2022))~~ January 1, 2023

Schedule C fee worksheet-based permits shall be renewed at one-half the permit origination fee or (((\$288)) \$311, which is the minimum renewal fee, whichever is greater. ² This temporary permit is valid for six months and is issued to a facility placed under a long-term compliance plan while the facility works towards full compliance with the Code. The fee is calculated to be half of the annual permit fee of the annual permit that will be issued to the facility once compliance is achieved. This permit cannot be renewed but additional 1070 permits can be issued as needed to cover the entire compliance plan period. ³ This permit is valid for 24 months and is renewed on a biannual basis. □

¹ Fees apply to non-pre-approved applicants.

² Fees for pre-approved applicants equal 1/2 of the fee identified in Table C-4915 for 22.602.045.

³ Any pre-approved applicant found to be in violation of permit conditions may be removed from the pre-approved applicant list and subject to non-pre-approved applicant fees and conditions.

⁴ Each applicant who receives a minimum of six permits (Code 4915) during a six-month period and is found to be in compliance with all permit conditions will be considered for pre-approved status upon request after the six-month period. Applicants who obtain fewer than six permits (Code 4915) during a six-month period will be considered for pre-approved status only after six permits have been issued and no permit violations are noted.

Section 2. Subsection 22.602.050.H of the Seattle Municipal Code, which section was last amended by Ordinance 126522, is amended as follows:

22.602.050 Fees for certain inspections

* * *

H. The responsible party shall pay a fee for the Fire Prevention Division to complete building inspections to confirm compliance with provisions of the Seattle Fire Code in high-rise occupancies and hospital occupancies, such occupancy classes as defined in the Seattle Fire Code. The fee for such inspections shall be ~~(((\$217))~~ \$234 plus a time charge of ~~(((\$217))~~ \$234 per hour with a one-hour minimum effective January 1, ~~((2019))~~ 2023.

Section 3. Section 22.602.070 of the Seattle Municipal Code, last amended by Ordinance 126522, is amended as follows:

22.602.070 Fees for Fire Department plan review and inspection of fire protection systems in new or existing buildings undergoing construction, reconstruction, remodeling, or renovation

A. The responsible party shall pay a fee for the Fire Prevention Division to examine and review land use actions, examine and review architectural and system plans, and inspect fire protection systems in new or existing buildings undergoing construction, reconstruction, remodeling, or renovation.

B. The fee for such examination or review shall be ~~(((\$282))~~ \$305 plus ~~(((\$282))~~ \$305 per hour for each hour exceeding one, effective ~~((March 1, 2022))~~ January 1, 2023.

C. The fee for inspection of fire protection systems in new or existing buildings undergoing construction, reconstruction, remodeling, or renovation shall be as follows, effective January 1, 2023:

Construction-Related Inspection Fees

Fire Alarm Systems ^b	(((\$700)) <u>\$756</u> plus (((\$7.00)) <u>\$7.56</u> per device > 6 devices
Fire Alarm Systems with more than 6 devices and no new control panel installation or major modification to system ^b	(((\$352)) <u>\$380</u> plus (((\$7.00)) <u>\$7.56</u> per device > 6 devices
Alternative Extinguishing Fire Suppression Systems ^b	(((\$304)) <u>\$325</u>
Fire Sprinkler System ^b	(((\$423)) <u>\$457</u> plus (((\$4.23)) <u>\$4.57</u> per sprinkler head > 6 sprinkler heads
Standpipe ^b	(((\$304)) <u>\$325</u> plus (((\$6.00)) <u>\$17</u> per landing with PRVs (pressure-reducing valves)
Fire Pump ^b	(((\$304)) <u>\$325</u> per pump
Sprinkler System Supply Main ^c	(((\$373)) <u>\$403</u>

Tenant Improvement Inspection without modification of fire protection systems ^c ; or Tenant Improvement with 6 or fewer sprinkler heads ^c ; or 6 or fewer fire alarm devices ^b	((\$268)) <u>\$289</u>
Emergency Responder Radio System Coverage-Systems Testing ^b	((\$268)) <u>\$289</u>
Knox Box Inspections and Service Visits ((^e))	((\$286)) <u>\$309 plus time charge^a per inspection/service visit</u>
Request for Temporary Certificate of Occupancy recommendation	((\$320)) <u>\$346 plus time charge for all related inspection and review^a</u>
Installation of Battery Systems	See Table C for 22.602.045, permit code 6401-Install
Installation of Capacitor Energy Storage Systems	See Table C for 22.602.045, permit code 1206-Install

Section 4. The provisions of this ordinance are declared to be separate and severable. The invalidity of any clause, sentence, paragraph, subdivision, section, subsection, or portion of this ordinance, or the invalidity of the application thereof to any person, property, or circumstance, shall not affect the validity of the remainder of this ordinance or the validity of its application to other persons, property, or circumstances.

Section 5. This ordinance shall take effect and be in force 30 days after its approval by the Mayor, but if

not approved and returned by the Mayor within ten days after presentation, it shall take effect as provided by Seattle Municipal Code Section 1.04.020.

Passed by the City Council the _____ day of _____, 2022, and signed by me in open session in authentication of its passage this _____ day of _____, 2022.
