**CITY OF SEATTLE**

**ORDINANCE \_\_\_\_\_**

**COUNCIL BILL \_\_\_\_\_**

AN ORDINANCE amending Ordinance 126237, which adopted the 2021 Budget, including the 2021-2026 Capital Improvement Program (CIP); changing appropriations within the Transportation Benefit District Fund; revising project allocations for certain projects in the 2021-2026 CIP; and lifting a proviso.

WHEREAS, the Seattle City Council formed a Transportation Benefit District in 2010 and imposed a \$20

annual vehicle license fee that went into effect in 2011 for transportation purposes; and

WHEREAS, the annual vehicle license fee was increased to a total of \$80 per year after Seattle voters approved

a six-year measure called Proposition 1 in 2014 that expired at the end of 2020; and

WHEREAS, Seattle voters approved a new Proposition 1 in November 2020 that relies solely on sales tax,

thereby leaving only a \$20 annual vehicle license fee in effect; and

WHEREAS, after the State Supreme Court struck down statewide Initiative 976's prohibition on Transportation

Benefit District authority to collect vehicle license fees, the Council passed Ordinance 126234,

increasing Seattle's annual Vehicle License Fee from the \$20 established in 2010 to \$40 in 2021 as

pursuant to RCW 36.73.065 and 82.80.140; and

WHEREAS, in Ordinance 126234, the Council expressed its intent that by April 1, the Seattle Department of

Transportation (SDOT) develop a spending plan for the additional \$20 Vehicle License Fee through a

“transparent, inclusive, and public stakeholder engagement process that includes input from the Move

Seattle Levy Oversight Committee, the city's transportation boards and commissions, transit equity

organizations, and community organizations, particularly those organizations representing communities

that are disproportionately reliant on transit, and labor unions whose members are impacted by

transportation investments, including Ironworkers, Building Trades, and Laborers”; and

WHEREAS, the proviso in Council Budget Action BLG-042-B-001 specifies that, “Of the appropriation in the 2021 budget for the General Purpose BSL in Finance General, \$3.6 million is appropriated solely for transportation purposes and may be spent for no other purpose. Furthermore, none of the money so appropriated may be spent until authorized by future ordinance. Council anticipates that such authority will not be granted until the Seattle Department of Transportation has presented a spending plan for the additional vehicle license fee revenue after conducting a transparent, inclusive, and public stakeholder engagement process”; and

WHEREAS, SDOT convened two meetings with representatives of the above-mentioned stakeholder groups, as well as members of the Transportation Equity Workgroup, hearing a desire for new VLF-funded infrastructure improvements that prioritize safety and accessibility for pedestrians in the most marginalized communities while also supporting training and employment opportunities in the trades; and

WHEREAS, the Department of Transportation submitted the described spending plan to the City Council in conjunction with this ordinance, in accordance with BLG-042-B-001; and

WHEREAS, the Council wishes to implement the described spending plan for 2021; and

WHEREAS, following the unexpected closure of the West Seattle High Bridge in March 2020, the Council requested that the City Auditor review the Department of Transportation’s spending and practices for maintaining the City’s vehicle bridges; and

WHEREAS, the City Auditor’s report on bridges identified maintenance needs for bridges ranked as “poor” and “fair” condition under the Federal Highway Administration ranking criteria, to maintain facilities such as the 2<sup>nd</sup> Avenue South Extension Bridge, University Bridge, Ballard Bridge and Magnolia Bridge in working condition; and

WHEREAS, the Department of Transportation highlighted the need for replacing aging components on

moveable bridges to the Council and in media reports; and

WHEREAS, transportation corridors of regional significance, such as the Ballard Interbay Regional

Transportation corridor, rely on Seattle bridge infrastructure to transport goods and people; and

WHEREAS, the Council may wish to consider bond financing as part of its deliberations on the 2022 Budget;

NOW, THEREFORE,
