Issue Identification

(Slide 1/1)

- 1. The 2024 Proposed Adjustments rely on a SCERS City contribution rate of 16.22 percent of active member salaries, which is higher than the actuarial rate and the SCERS Board recommended rate.**

Options:

- A. Use the SCERS Board recommended rate (15.82 percent).
- B. Use the SCERS Actuary Rate (15.17 percent).
- C. No change.

To facilitate a functional display of the gap between ongoing revenue and expenditure projections, given the City Budget Office's practice of leaving some expenditures in unbudgeted, reserve status, the growth in planning reserves above the 2022 base level of \$38 million is shown in the 'Expenditure' row in 2023 through 2027.

2025-2027 Projected GF Sustainability

2025-2027 Projected GF Sustainability (continued)

Key contributors to unsustainability:

- Use of one-time fund balances, one-time revenues, and one-time spending reductions to support ongoing cost increases; and,
- Underlying projections of several base GF revenues which have not recovered to pre-pandemic levels, compared with increasing demands for new City spending.

2025-2027 Projected GF Sustainability (continued)

Risks include:

- Ongoing and increasing international conflicts
- National political uncertainty
- Expiration of consumer level federal fiscal policies
- Consumer mortgage rates that are approaching 8 percent ; and,
- Commercial real estate implications on the debt and rental markets as the market adjusts to remote work..

Issue Identification

(Slide 1/1)

- 1. Due to one-time revenues and reductions being used to support ongoing budget increases, the GF operating deficit increases to \$247 million in 2025 and 2026.**

Options:

- A. Reject one or more ongoing expenditure increases in 2024, as identified on Attachment D.
- B. Identify other ongoing expenditure reductions in 2024.
- C. Make JumpStart Fund transfer permanent and tied to inflation beyond 2024.
- D. Identify one or more new GF revenue sources to support some or all of the proposed new GF budget adds.
- E. Adopt a SLI or resolution outlining a process for making longer-term budget decisions to address the deficit in 2025 and beyond.
- F. Some combination of options A-F.
- G. No change.

Fiscal Reserves
